The Devon Toyota 14 seater bus, long wheelbase

Toyota Motor Caravans & Buses

Devon Toyota Hi-Ace Motor Caravan Short and long wheelbase

Toyota chose Devon to build a motor caravan based on their good-looking, world famous Hi-Ace. Compact and luxuriously fitted, the Devon Toyota is a sound investment for those free and easy holidays and weekends.

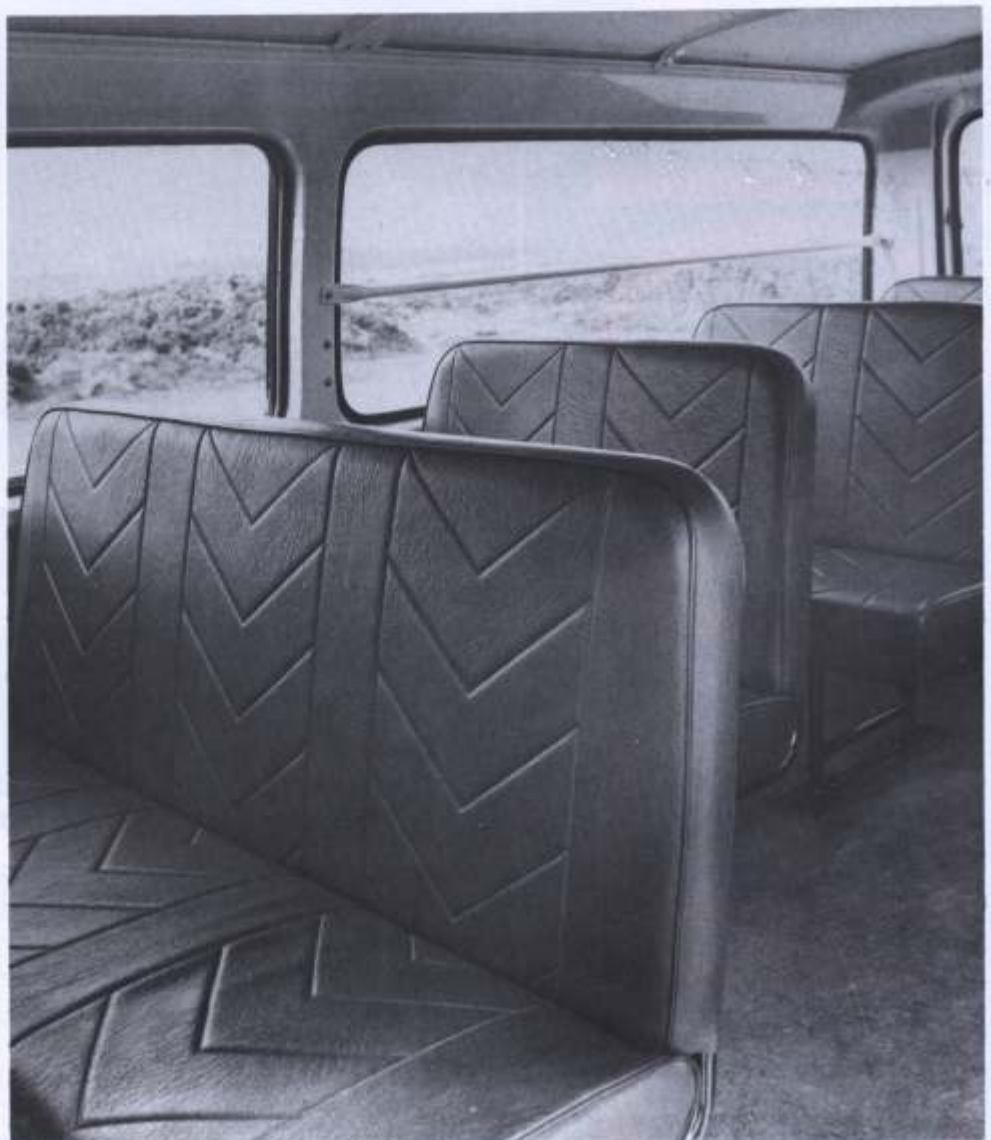

The interior is spacious with comfortable seating and a kitchen area fitted with sink, two burner cooker with grill, and a refrigerator as standard. Two adult double beds, one in the famous Devon Double Top elevating roof, make this an ideal vehicle for family holidays and weekends away.

Devon Toyota 12 and 14 seater buses

Devon's latest additions to their bus range are the 12 and 14 seater buses based on the Toyota Hi-Ace Window Van – both short and long wheelbase versions. The short wheelbase conversion offers a 12 seater bus built to the highest Devon Conversions' standards, featuring fine quality seating finished in hardwearing brown vinyl. All seats face forward for extra passenger comfort.

The vehicle floor is finished in heavy duty vinyl over thick plywood to minimise road noise.

The 14 seater long wheelbase version offers a similar high standard conversion but the added length gives the advantage of the two extra forward-facing seats.
