

Devon.  
The motor caravan  
that's as good as a VW.

## So many ways to get converted to Devon.

You've decided it has to be a motor caravan. And that you want Volkswagen quality and reliability. So now compare – and you'll settle on a Devon. Because it's the one that lives up to VW craftsmanship and quality. All that you have to do now is to decide which of the Devons is right for you. Because there are so many to choose from. First decide the conversion that suits you best – Devonette or Moonraker. Then whether you want the VW Kombi or Microbus. Finally, make your choice from the wonderful range of colour schemes. And whatever your decision you know you have the best quality – Devon quality.

**Devonette** All the advantages of an estate car for traveling PLUS the sleeping, cooking, dining and storage facilities of a real motor caravan. There is seating accommodation for eight which, by using the optional cab centre seat, can be increased to nine. This includes a double forward-facing seat which reverses for dining and another seat with room for four. By night, a simple rearrangement of the interior seats provides a roomy double bed and additional sleeping accommodation, if required, can be created by the use of optional extras (see Specification sheet).

**Moonraker** Equally spacious but with many additional refinements for the discriminating motor-caravanner, the Moonraker offers the ultimate in luxury. The cab seats three and two forward-facing seats, one of which reverses for dining, accommodate a further four people. A simple rearrangement of the seating provides luxurious sleeping accommodation for two adults and two children. (See Specification sheet for alternative sleeping layouts).

**Kombi or Microbus?** Both the Devonette and the Moonraker are available on either the world famous VW Kombi or the even more fully equipped Microbus. The choice is yours. Either way you get the perfect combination – Devon craftsmanship and VW quality.

THE UNIQUE 'DEVON' ELEVATING ROOF INCLUDING TWO ADULT BUNKS IS AVAILABLE ON EITHER MODEL.

Now get  
the inside story  
on  
Devon quality.

Extra car plus ... Devonette.
