

It's a glutton for work in industry - ferrying construction crews and factory and office workers in comfort anywhere.

Also for local authorities, churches, and sports teams and their supporters.

And every sort of club, from youth clubs to OAPs, from naturalists to archaeologists.

And for airlines and hotels.

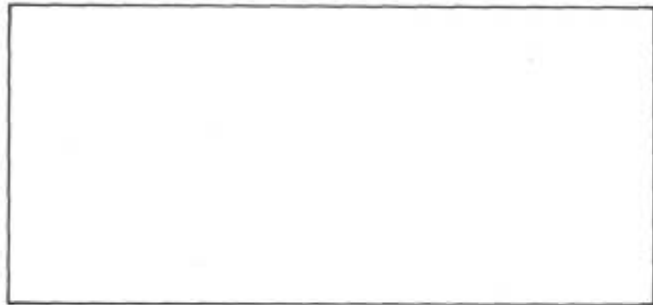

There's just no end to what a Devon LT bus can do for you.

**ALL THIS AND
THE VW DEALER NETWORK TOO.**

There is an extensive network of VW dealers throughout the country who have the very latest diagnostic and servicing equipment to keep your Devon running smoothly.

We're one of them, with friendly experts to tell you everything you want to know.

THE NEW VW DEVON LT BUSES AT**

 **Devon**
Buses

**Which are
the latest
buses
in Britain?**

The new Devon LT buses.

VW AND DEVON - A GREAT COMBINATION.

VW means toughness, reliability and built-in economy.

The LT runs happily on 2-star petrol and only needs a major service every 10,000 miles (so less time off the road).

There's a diesel option too.

Devon means superb quality and a great new range of bus interiors to choose from.

Together VW and Devon give you the best combination of advanced engineering, comfort, safety and economy.

COULDN'T YOU MAKE VERY GOOD USE OF A DEVON LT BUS?

A Devon bus can be invaluable in lots of roles.

Bus companies, hire firms and tour operators will find it a very profitable choice.

It's ideal for universities, polytechnics, colleges and schools (PTAs get real value for their money).

And for hospitals, for patients and staff.
